

Instructions for registering as an Issuer on Velocity Network™

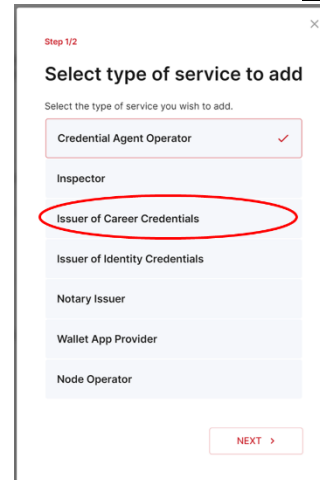

1. Please make sure you have the following information that you will need to register your organization:
 - Organization name
 - Website URL
 - Logo URL
 - Year founded
 - Address
 - Business contact email
 - Technical contact email
 - Description
 - Service endpoint URL (provided by **Credential Agent Operator**)
2. Follow the link in the email you received from Velocity and set your password. You can now access the Velocity Network registrar.
3. Fill in the form that auto-loads when you log into the registrar and click ADD SERVICE:

Welcome!

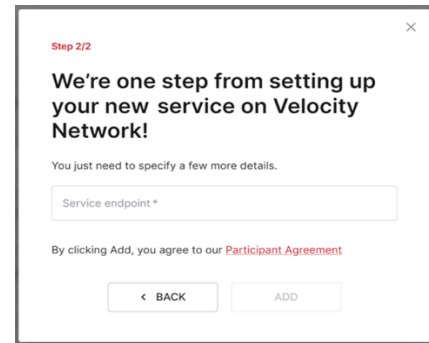

Let's get your organizations registered to Velocity Network™ Mainnet. First we need to get some information that will allow other Network participants identify you.

<input type="text" value="Organization name *"/>	
<input type="text" value="Organization website URL *"/>	<input type="text" value="Logo URL *"/> ⓘ
<input type="text" value="Organization incorporation year *"/>	<input type="text" value="Organization residence *"/> ▼
<input type="text" value="Business contact e-mail *"/> ⓘ	<input type="text" value="Technical contact e-mail *"/> ⓘ
<input type="text" value="Organization description *"/>	
<input type="checkbox"/> Non-profit	

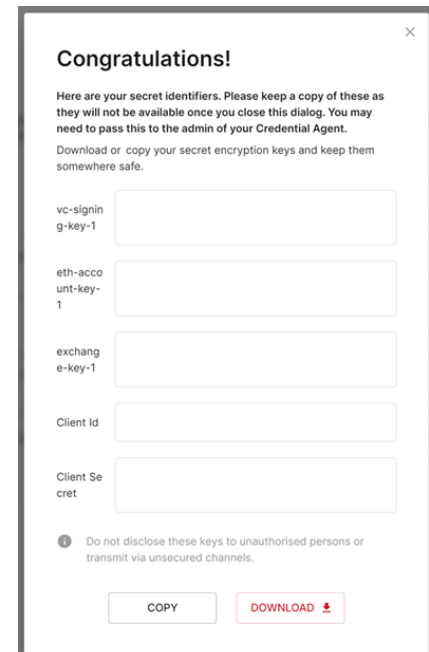

4. Select Issuer of Career Credentials and click NEXT:

5. Paste in the Service Endpoint URL provided by [CAO], review the [Participant Agreement](#) for Issuers, and click ADD to finish registering [your organization] on Velocity Network:

6. Your organization has been registered, and your service has been added. At this stage, it is **very important** to save the information on the screen presented to you with your secret identifiers. You can click COPY to paste it in a separate file or click DOWNLOAD to get a keys.json file with the information:

7. Provide the secret identifiers you saved in the above step to [CAO].
