GREENLIGHT CREDENTIALS

- We are a Texas-based company launched in late 2018.
- We partner with educational institutions to provide students access to their life-long verified records, including transcripts, badges, certificates, recommendation letters, etc.
- Our goal is to empower individuals with a holistic view of their academic and career accomplishments and connect them with Employment, Educational and Financial

GREENLIGHT IMPACT

GreenLight by the Numbers

- 10 Million Participating Students
- 1,300+ Participating School Districts
- 460K Students with Academic Records
- Over 2,000 Colleges & University's receiving records from GreenLight including all Ivy League Institutions
- Over 500 Employers connecting with students

THE GREENLIGHT CREDENTIALS WALLET

- GreenLight became a member of the Velocity Foundation in 2020.
- This year, we launched our Hybrid Wallet called the “GreenLight Credentials Wallet”.
- “Hybrid Wallet” because it provides a single user-friendly app to students to access all their verifiable credentials regardless of whether on the GreenLight Blockchain Network or the Velocity Blockchain Network.
