Itay’s life made easier

Reliable and stable

- Features are being added and improvements are being made monthly
- Minimization of backwards compatibility issues
- Continuous improvements to monitoring
- The network issued 60,000 in a single day in production.
- Our objective is to demonstrate 100x in a single day next year

Claiming your first credential made easier…

The *new* streamlined experience for an individual claiming their first credential

- Individuals get the best technical solutions in a bright candy-colored app
- Reduce the number of steps to claim a first credential.
- Enable an individual to perform less than 7 actions to claim their credential

Reference Wallet: Claiming a first credential using magic links

Feb 2015 — Current

Sharing your verifiable achievements the world made easier

The *new* experience that enables an individual to share their achievements with the world outside of the Velocity Network

- Individual's can share information on linked-in or directly
- Relying parties can verify that information on prove.bio

Reference Wallet: Sharing on Linked-in

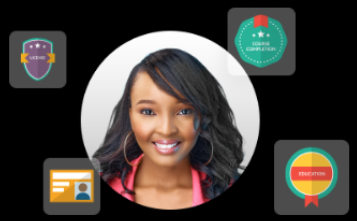
Velocity Network™ makes credentials 100% trusted.

A game-changing, blockchain-based utility layer that replaces the outdated and fragmented way talent represents its career reputation across the labor market.

Learn How | Play Video



Frictionless
Instantly verify career data shared by applicants, students, and employees, seamlessly achieving significant reductions in the time and costs.

Tamper-proof
The Issuers have anchored credentials to the Velocity Blockchain Network to make them immutable and tamper-proof.

Verify the credentials that you have received from the applicant. Verify Credentials

Vanessa Lin has shared the following credentials:

Texas Woman's University

Bachelor of Science

Onboarding your clients made easier…

The *new* Velocity Network participant onboarding experience

- If your clients are issuers and relying parties on the network
- Participants get the best technical solutions, without having to understand like an expert
- Remove friction in the processes for clients and Credential Agent Operators
- Make best-in-class security work out of the box for them.

Description
Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500 s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960 s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.
